Expertise you can rely on.

Experience the difference – swift service and empowered underwriters making real-time decisions at the Box, ensuring your needs are met without delay.

Established in November 2017 under Neil Chapman, Contour Property (previously Unicorn Worldwide Property) brings together a team of nine specialists with over 100 years of combined underwriting experience. With 90% of our business focused on the US, we provide property insurance and reinsurance solutions for medium to large risks across domestic and international markets.

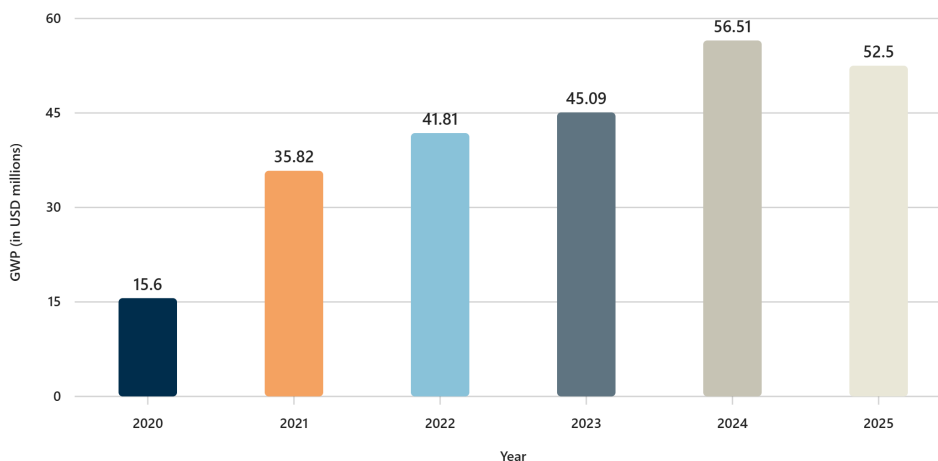

Our open distribution model offers flexibility, with a portfolio split of 70% direct placements and 30% reinsurance, with line sizes up to \$5m. Supported by our long-term, leading capacity partners (Lloyd's of London, Everest, Aviva, and Partner Re), we work to consistently deliver dependable coverage and tailored solutions.

At Contour, our specialty lines MGA operates under one unified umbrella, attracting long-term capacity partners with expertise in complex risks. We are empowered, experienced underwriters who share a passion for delivering solutions that put client needs first. And, just as important, we do it with a friendly, approachable style that makes collaboration effortless.

We utilise an MGA model that gives entrepreneurial underwriters the freedom to craft tailored solutions for every client. By embracing the bionic underwriting approach, we blend the art and science of underwriting to create an environment focused on profitable outcomes for our carrier partners.

Our team brings deep industry knowledge and a client-first mindset – expertise you only get from a specialised underwriting partner. If you're facing an underwriting challenge, we're here to help. Our experts deliver the best results for your customers, and our entire business is designed to help you succeed.
